

Top Napa Valley Wineries and Tasting Rooms

Most wineries focus their visitor experience on how their wines taste alone, but we often consume them differently, along with a meal. In fact, some winemakers focus on creating wines that taste good with food.

While some wineries shove a plate of cheese or other food items at you during the wine tasting and leave you to figure out what to do with it, these wineries offer a much more refined, well-thought-out food and wine pairing experience - and we love them for it.

Kenzo Estate: You could easily make a day trip out of a visit to Kenzo Estate, enjoying the drive up to their property and their beautiful surroundings once you get there. They partner with Thomas Keller's Bouchon Restaurant to provide scrumptious sandwiches to go with their excellent vintages.
